# Recruiter Experiences

"We had an excellent experience working with a student from MDAE. Unlike most, he had an extraordinary curiosity and a willingness to learn and place textbook economics in their historical and political context, which itself involved digging into 500 years of political history. Based on the experience of working with him, we have made him an offer to join us full-time once he graduates from MDAE."

**Dr. Reuben Abraham**

CEO & Senior Fellow, IDFC Institute

---

"We hired one of the students from the institute who turned out to be outstanding, performed better than most people that we have hired from MBA institutions."

**Mr. Arijeet Banerjee**

Ex - MD, Risk, Deutsche Bank.

---

"We couldn't have been happier with our experience of hiring a student for a full-time position from MDAE. She has outstanding communication skills, great attention to detail, and an uncanny ability to learn new concepts and tools effortlessly. Most importantly, she has been going above and beyond on her projects to help the team produce high-quality deliverables on time."

**Mr. Varun Ektare**

Senior Scientist - Modelling and Meta-Analysis and India Office Lead, Pharmerit an OPEN Health company.

---

"We have had an excellent experience with a student from MDAE who has been working with us over the past three years. Practical exposure differentiates MDAE students, and we observed that she was able to close the gap between academia and real-life faster than fresh graduates from other renowned institutes. MDAE is doing a stellar job in preparing candidates for the job market."

**Mr. Santanu Sengupta**

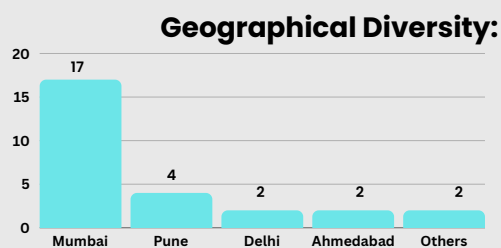

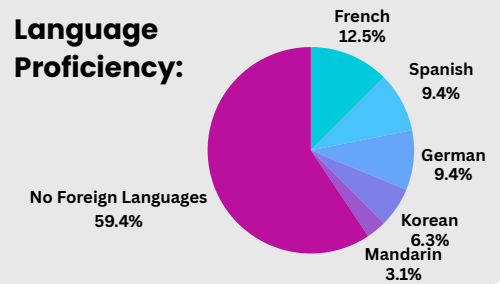

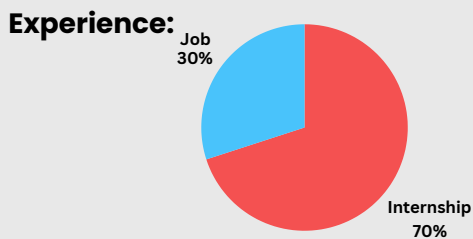

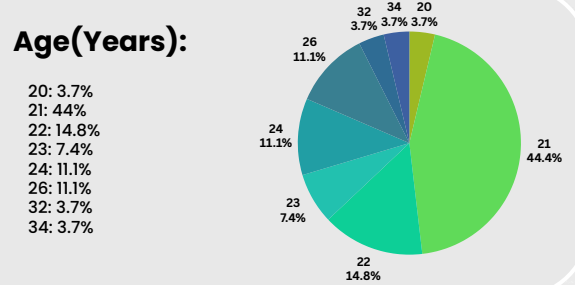

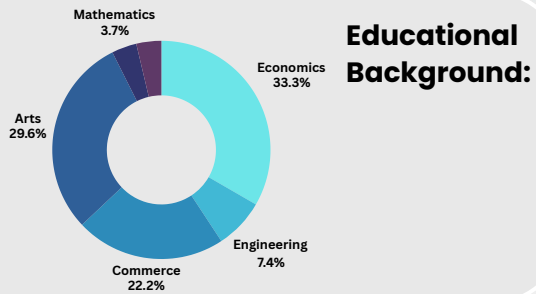

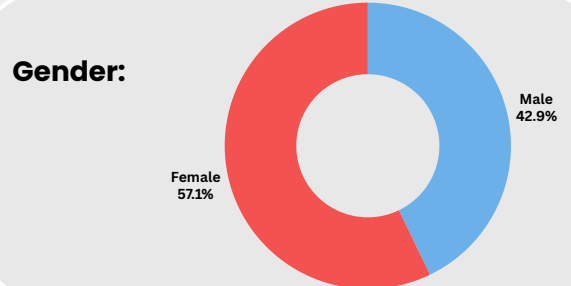

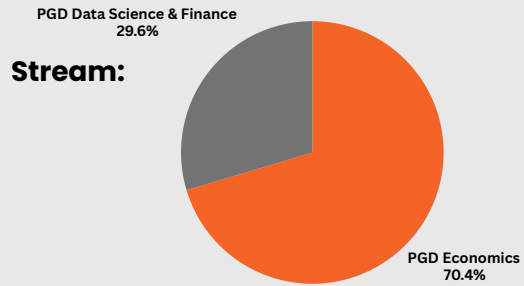

Ex-Head, Treasury Economics & Strategy, Reliance Industries.
